

EVD

Modular video distributors

- Modular system
- 24Vac/12Vdc power supply
- Protection fuses for each card
- Power ON LED for each card
- Anticorodal case
- Standard Rack kit 19"-2U
- Easy to use
- EVD meets the requirements for CE directives (cert. Nemko spa-Biassono/MI)

This Video Distributor is a user friendly item that can be adapted to satisfy all your needs. The basic EVD1/3 card has 1Video IN/3Video OUT balanced in order to obtain a standard Video level (1Vpp). Cascade connection possible in order to expand the Video OUT capacity.

Extremely versatile: each card indifferently accepts 24Vac or 12Vdc power, with reverse polarity protection when 12Vdc input power is used. Different ready to use versions are available: single module, 4 modules, 10 modules, inserted in an Anticorodal anodized case.
